

Christy Bourbonnais Horsemanship

Presents:

Softness in Motion Clinic

Saturday, May 16th, 2015 - 10:00 – 4:00

This is a fun clinic! I love working with those who really want to improve their equitation, horsemanship and horse's body and physical abilities. The clinic is early enough in the season to use as a warm up to showing or summer riding. It is designed to assist you and your horse in getting in shape and building a stronger more flexible and versatile horse. It is a nice way to get your feet back into the stirrups and your horse under saddle in a different arena other than home, get out with a group of riders, and tackle some practical riding maneuvers and small group drills. This is a great follow up to our Spring Fling Clinic. This clinic is geared for the horse and rider who are saddle ready but want some practical experience and new knowledge to put under their hat. We will look at the details of your equitation and overall movement. The goal is to develop better timing, feel and understanding of how our horse moves. This is an excellent clinic for those looking to move into **western dressage**. Bring your normal tack, smiling faces and open mind and come join us for some fun while learning with your horse.

Christy Bourbonnais has been featured as a trainer and competitor. She has presented clinics on various topics. She was featured on RFDTV – Sure in the Saddle - World Challenge Show. She currently trains, shows, coaches out of her facility Cripple Creek Ranch.

Western and English riders are welcome.

Call for additional details or to RSVP. Limited participant spaces are available.
